

The National Coalition for Sexual Freedom (NCSF) is a coalition of over 160 groups, clubs and businesses, including mental health practices and law firms. We advocate for a diverse range of voices and experiences in our Kink / BDSM and Consensually Non-monogamous communities.

NCSF Provides resources and referrals for professionals, numerous free education resources including training about consent for Kink and CNM, and supports members through Incident Reporting and Response (https://ncsfreedom.org/incident-reporting-response/). Our Kink and Polyamory Aware database is free to search for professionals and free for professionals to join (https://www.kapprofessionals.org/).
